Internships

Internships are valuable opportunities for students and young professionals to gain practical experience in their chosen field of study or interest. These short-term work experiences provide a bridge between academic learning and real-world applications, allowing individuals to apply their knowledge, develop new skills, and explore potential career paths. Internships are typically undertaken during summer breaks, academic semesters, or as part of cooperative education programs. The primary goal of an internship is to provide a hands-on learning experience that goes beyond what can be taught in a classroom setting. It offers participants the chance to work alongside industry professionals, observe their day-to-day tasks, and contribute to real projects and initiatives. Interns can learn about industry-specific practices, gain insights into the professional work environment, and understand the dynamics of their chosen field.

One of the key benefits of internships is the acquisition of practical skills. Interns have the opportunity to develop and refine technical skills relevant to their field, such as programming, data analysis, marketing strategies, design, or project management. They can also enhance their soft skills, including communication, teamwork, problem-solving, and time management, which are crucial for success in any professional setting. Internships also allow individuals to explore their career interests and make informed decisions about their future paths. By working in a real-world setting, interns can assess whether a particular field aligns with their passions, strengths, and goals. They can gain exposure to different roles and responsibilities, interact with professionals in various positions, and seek guidance and mentorship from experienced individuals. This firsthand experience helps interns make more informed decisions about their academic pursuits and future career choices.

Many internships with various companies were done by our students in previous years. A few internships are listed below:

S. No.	Name of Student	Class	Name of Company	Designation
1.	Vijayshree Sharma	BCA III	Samnvya IMS Private Limited	Trainee
